Class II luminaire with metal reflector	<ul style="list-style-type: none"> - Distance - Metal reflector - Lamp replacement 	OSM/LUM-ETF5	2019 ETICS Plenary Meeting
Question			
<p>Class II luminaire with metal reflector: What is the distance between reflector, which is accessible during lamp replacement, and basic insulated wires?</p>			
Decision			
<p>The wires must not be in contact with the metal reflector, but no specific distance is required.</p>
